

**DAIKIN**

In all of us,  
a green heart

**Certificate**  
**SUPER GREEN HEART**  
**FACTORY**

**Daikin Industries**  
**Czech Republic s.r.o.**

DICz is proactively promoting the visualization of their exercises i.e. the development of a 'Dream Map,' which demonstrates their plans for how the company should be in the middle and long term future, and/or the measurement of energies using time as a unit. Furthermore, we have also recognised their engagement in their advanced exercises which involve their employees and the local community through biotopes and/or making the contributions to the society.

Therefore we hereby certify DICz as the  
'Super Green Heart Factory.'
